Dear Motor Carrier Customer,

We have great news for you. The Nevada Motor Carrier Division is now offering online services for International Fuel Tax Agreement (IFTA) tax return filing.

The online tax filing services will allow you to view your IFTA account information, view previously filed tax returns and file future tax returns from the comfort of your own office.

If you do not wish to self-file your tax return using the online services, we are also offering a new E-Drop box where you can deliver your IFTA return into an electronic email box in lieu of mailing, faxing or hand delivering. The E-Drop box can also be used to submit any IFTA tax return payment using a credit card authorization form.

If you are interested and would like more information on the online electronic filing options please contact the Motor Carrier Tax and Licensing Team at (775) 684-4711, option 1 or dmvmcirtax@dmv.nv.gov.
