CLASSIC VEHICLE LICENSE PLATE APPLICATION
NRS 482.3816

A Nevada resident who owns a passenger car or light commercial vehicle (having a manufacturer's rated carrying capacity of 1 ton or less), manufactured at least 25 years prior to the date of application, may apply for Classic Vehicle license plates. Personalization of these plates is not allowed.

The initial fee for a Classic Vehicle license plate is \$36.00, plus a .50-cent per plate Prison Industry Fee which includes a Technology fee. As of October 1, 2011 the Department will collect a one time fee of \$6.00 to be deposited into the pollution control account, for those motor vehicles exempted from emission testing. These fees are in addition to all other registration fees. The renewal fee for a Classic Vehicle license plate is \$11.00 in addition to all other applicable registration fees.

If your vehicle is currently registered you have the option to maintain your current vehicle expiration date, or renewing for a full twelve (12) month period. Credit for the unused portion of your current registration will be applied. You must surrender your current license plates to the Department in order to transfer this credit.

In accordance with NAC 445B.574, if a Classic Vehicle has been certified, upon each annual registration, to have not been driven more than 5,000 miles since the preceding annual registration, the Classic Vehicle may be certified as exempt from compliance with emission standards. If the vehicle is driven more than 5,000 miles, a passing emissions test is required for renewal. Attach Department form EC-18, Odometer Certification for Emission Exemption to this application.

Please Note: A Classic Vehicle must contain only the original parts that were used to manufacture the vehicle or replacement parts that duplicate those original parts. First time application for this plate type must be done in person at a full service DMV Office.
